{ FUNDRAISING BALL }

# The Maddi Foundation Ball sees an amazing turnout

There was an amazing turnout for The Maddi Foundation Ball which was held at Down Hall Country House Hotel in March. The foundation is raising awareness and funds for an extremely rare disease known as SPG15, a type of motor neurone disease. The founder of the charity, Carina Thurgood, and her family began raising funds and awareness when their teenage

daughter Maddi was diagnosed with this unforgiving disease. All funds raised on the evening will go to Sheffield University who are conducting a gene therapy program with hopes of arresting progression of the disease. Fundraising efforts will continue to support this research. Acorn Insurance and Tish Press Accountants were the main sponsors of the event. ♦
